REASONS FOR ALLOWANCE

The following is an examiner's statement of reasons for allowance:

2. In view of the applicant's amendments and after further consideration of the invention, the claims as presented avoid the prior art of record. The prior art does not disclose an exercise device that includes a lower body exerciser and an upper body

Art Unit: 3764

exerciser wherein the upper body exerciser includes a frame joined to the lower body exerciser, a shaft rotatably mounted substantially vertically to the frame, a pair of pulleys mounted to the shaft and a flywheel assembly that is also mounted to the shaft. In particular, each pulley includes a pull cord having a handle at an end thereof for a user to exercise by unwinding the cords from the pulley. The flywheel assembly includes a pair of magnetically conductive rings disposed on opposite sides of the flywheel and a magnetic resistance device disposed adjacent to the flywheel assembly to provide adjustable resistance to the flywheel assembly when the flywheel is rotated by the unwinding of the cords.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
